We, at ABC of Andover, know that ABC alumni across the country are effective leaders and employees in all sectors of the economy. We also know that many of you are civically engaged in your communities. Some of you have chosen careers in business, nonprofits or teaching. Others have chosen to stay home to raise families and to be citizens who make a difference in your neighborhoods and communities. As we approach our 50th anniversary, we want to look more closely at the success rate of this program. The results will help us learn from our past so that we can more positively affect the future. The information you provide will also help us to more effectively describe the success of the program. All information that you provide will be kept strictly confidential. Information on individual alums will not be shared publicly.
