

A Better Chance of Andover

**PHYSICAL EXAM INFORMATION
2017-2018**

The Andover Public Schools requires a Physical Exam for all new students.

Please arrive in August with a current Physical Exam including proof of up-to-date vaccinations.

Andover High School also requires a second physical exam for 10th grade admission.

A current physical exam is mandatory for all sports and some activities. **It is our strong recommendation that students have a physical exam every year during the summer break. Please include eye exams, ear exams, gynecological health, allergy assessments, and overall general health.**

Please note:

- Physical Exams must be completed within one year of the first day of school.
- Immunizations must be up-to-date to attend public school in Massachusetts.

I have provided a current physical exam record for my daughter.

Parent/Guardian Signature: _____ Date: _____
